Bachelor of Science in International Economics and Finance Class of 2029

• Member, Corporate Finance Team — Bocconi Student Management Club

United World College South East Asia, Dover Campus Singapore

International Baccalaureate Diploma Programme and IGCSE Aug 2020 – May 2025

• IB: 44/45 (HL Economics, Maths AA, Biology – 7,7,7; SL Psychology, English L&L, German L&L – 7,7,6)

• IGCSEs: 7 subjects – 5 A*s, 1 A and 1 Grade 8

WORK EXPERIENCE

Jewish Welfare Board (via Austrian Service Abroad) Singapore

Mandatory National Service – Finance Department Sep 2025 – Jun 2026

• Assisted in restructuring the 2026 budget into 25 divisions and creating its Board presentation in PowerPoint

• Built an Excel Power Query workflow to track staff dependants' school fees and flag limit breaches

• Reconciled donation receipts and vendor payment records following migration to Xero

ProCredit Bank Frankfurt, Germany

Summer Intern – Credit Risk Department Jul 2023

• Analysed SME credit risk profiles across Eastern Europe, focusing on leverage and debt-service capacity

• Researched second-generation ownership among SMEs, linking succession-planning gaps in 40% of reviewed firms to elevated default risk

LEADERSHIP & ACTIVITIES

Jakarta Street Kids Global Concern, UWCSEA Singapore

Head of Products Nov 2023 – Nov 2024

• Led a 35-member team that raised over £8,600 to fund the education of 45 children in Indonesia

• Managed a portfolio of fundraising products, developing a pricing strategy that achieved a 62% profit margin

PennSEM Business Case Competition Singapore

Team Member Oct 2024

• Advanced to the top 16 globally as a four-person team, ranking 1st in Singapore and 2nd in Asia-Pacific

• Developed a turnaround strategy for Starbucks, including a proposed China joint venture following a 40% decline in store EBITDA from its Q1 2021 peak

Economics Research Project Singapore

Student Researcher Jul 2024 – Sep 2024

• Tested the Pollution Haven Hypothesis with a Columbia University lecturer, finding through regression analysis that lower environmental policy stringency correlated with higher manufacturing FDI inflows
